

Why on Earth am I Alive? (Part 1) (John 4:1-14)

March 14, 2021

Dr. Rick Stedman

**Our mission in life as Christians:
To let God love us and love others through us!**

Because God loves me...

1. God wants to enter my life and develop a personal relationship with me. (1-8)

- “Jesus said to her, ‘Will you give me a drink.’” (5)
- “We love because he first loved us.” (1 John 4:19)

Personally: Does God want to be more involved in my life than I am allowing Him to be? Why don't I allow Him?

2. God wants to give me more that I can understand. (9-12)

- If you knew the gift of God...you would have... (10)
- God can do more than we can ask or imagine. (Eph 3:20)

Personally: I'm going to trust in what God knows is best to give me, rather than what I think He should give me.

3. God wants to fill me and flow through me. (13-14)

(Phil 4:5; Col 3:12; 1 Tim 6:11)

- “The water I give will become a spring of water...” (14)
- Point: God wants to love us personally & daily!
- Problem: We don't let God! We obstruct, forget, or miss it!
- Solution: Let God love us! Expect it, watch for it, and appreciate it!

Personally: Do I expect God to love me daily?

Do I watch for it and then thank God afterwards?
